## Hospital's Campaign Total Now \$1,058,193

Sights Being Set to Hit \$1,500,000 Challenge Goal to Add 50 Beds

An impromptu parade and dancing to music by a German band were staged Thursday night when announcement was made that St. Elizabeth Hospital's expansion fund campaign successfully topped the minimum goal with an over-all report of \$1,058,193.

The announcement was made at the third report meeting of the General Solicitation Division headed by Dr. Felicia Koch and held at the Venice-Madison American Legion Hall with several hundred volunteer workers present.

Aiding Dr. Koch in conducting the meeting was Delancey J. Davis, general co-chairman, who urged the workers—"We must all go on to reach our challenge goal of \$1,500,000."

"I ask you now to scratch the amount of one million dollars," Davis said, "and think only of the \$1,500,000. We can do it, and we must do it."

Dr. Koch noted, "All of us have worked together to meet our minimum goal of \$1,000,000. Sometimes the going has been rough, but now we must force on, full-steam ahead to raise our challenge goal of \$1,500,000."

**Initial Phase of Work**  
The minimum goal by public subscription will provide for an extensive construction program to be started this year. The construction of a new wing along Iowa street will cost \$3,366,000, including modernization of the 1948 and 1958 wings. However, with the \$1,500,000 challenge goal, 50 patient beds can be added for medical-surgical patients.

In the last few years, the hospital has been operating between 50 to 110% of capacity in the medical-surgical areas.

During Thursday night's report meeting, Mrs. Parker Bigley, who heads the women's section of the General Solicitation Division, reported a grand total of \$50,660, of which \$26,601 was reported Thursday night.

The men's section total was \$31,126, of which \$13,401 was reported by the chairman, Dr. Stanley F. Maer, Thursday night.

The total for General Solicitation was \$81,781.  
Dr. Koch reported the hospital Medical Staff has exceeded its \$200,000 goal with \$201,000.

## SIU-SW Supplement Set for Thursday

A special tabloid supplement to mark the dedication of the new Communications Building at the Southwestern campus of Southern Illinois University will be published with the regular issue of the Granite City Press-Record on Thursday.

Stories and photographs in the special issue pertain to the establishment and development of the Southwestern campus complex. It also contains details of the dedication program which will be held June 5. The Communications Building will permit expansion with the regular issue of the Granite City Press-Record field.

## Percy and Price Invited to Depot 25th Anniversary

Granite City Army Depot will celebrate its 25th anniversary Tuesday, Aug. 1, with a series of events, including an open house, a full-dress parade through the Quad-City area and a gathering here of dignitaries from Washington, D. C., and all sections of Illinois and Missouri.

According to Col. Charles E. Hoskin III, depot commanding officer, invitations to participate in the festivities have been extended to U. S. Senator Charles Percy (R) Illinois, and U. S. Congressman Melvin Price (D) East St. Louis.

Other national leaders invited to take part include members of Congressional delegations from Illinois and Missouri, state officials and municipal authorities.

## Sirens Sound Storm Alert

Threatening weather conditions and sighting of a funnel cloud near Mehlville, in St. Louis county at 4:12 p.m., yesterday resulted in the first full-scale use of Granite City's network of warning sirens.

Deputy Civil Defense Director Floyd T. Mitchell authorized police to sound the sirens at 4:20 p.m. yesterday, when reports indicated a strong possibility of severe weather moving into the Quad-City area. A number of startled residents telephoned police seeking information.

The three-minute steady blast heard yesterday is the signal to

turn on radios for instructions, Mitchell explained. He said all but two of the seven sirens functioned accurately.

One of the two units—atop the Granite City Steel Co. office building, sounded briefly at 8:25 a.m. today while being tested.

The unit at Ash and Glenn avenues also is being tested today.

## 7 Firemen Hurt, Flames Destroy 3 GC Buildings

### Boy, 5, Left at Drive-In, Back Home in Venice

Five-year-old Simon Hayden Jr. and his parents of 124 Abbott street, Venice, were reunited yesterday through efforts of Venice police and officers of St. Ann, Mo., where the boy was found wandering in a drive-in theater late Friday night.

The reunion climaxed a 24-hour search for the youngster by the parents, Mr. and Mrs. Simon Hayden Sr., who thought the child had wandered away from his Venice home, and a similar search that was going on at the same time by St. Ann police for the boy's parents.

Venice police said they learned that Mr. and Mrs. Hayden took seven of their nine children to the drive-in theater Friday night. During the evening, police said, one of the children developed a toothache and the parents summoned the children and returned home, apparently overlooking young Simon.

When Hayden made a missing persons report to Venice police Saturday evening, he told officers the boy was missed early Thursday morning, but that he thought the boy was out playing.

## Wind, Water Pressure Cited; Nearby Homes, Plant Shop Damaged

Seven firemen were injured as windswept flames destroyed three buildings and threatened four others between 6:10 p.m. and 7:30 p.m. Friday.

The blaze leveled the condemned Paul Maykoyet ten-unit two-story frame apartment building at 844 Niedringhaus avenue and the Rose's Den one-story frame tavern situated on the other side of Walnut street at 1000 Niedringhaus.

A one-story brick church structure at 942 Niedringhaus was gutted and firemen said they will recommend that the wall still remaining be removed.

A corner of the roof of the American Steel Foundries pattern shop building across Niedringhaus caught fire and a two-story frame residential structure opposite the apartment building also began to smoke. Others in danger until the shifting winds cleared the Arts clearing shop at 1004 Niedringhaus and a residence at the rear of that lot, both two-story bricks. All sustained damage from the intense heat, as did the Granite City de-luge-gun truck.

**Water Line Investigation**

Inquests water pressure hampered the firemen, and Mayor Donald Partney said today an investigation of the problem will be made. He is asking the East St. Louis & Interurban Water Co. to provide a drawing of the present water main network in that neighborhood to aid the city in planning for improved water pressure.

Firemen taken by ambulance to St. Elizabeth Hospital and released after treatment were:

Capt. Charles Hileman, 40, of 2330 Lynch avenue, Engineer Robert Harris, 33, of 2333 Delmar avenue, Fireman a Walter Schmitt, 30, of 2529 Sunset drive and Fireman Arthur Marcum, 34, of 1403 West Pontoon road, heat exhaustion and first-degree burns to their faces and necks.

Fireman James Reiter, 37, of 6015 Rock avenue, first-degree burns to the shoulder and upper arm.

Fireman Harold Portell, 3500 Johnson road, burns on both shoulders.

And Fireman James Frank Signaigo, 3706 Fair Oaks drive, heat exhaustion.

## Policy on School Secretary Hiring Being Revised

A new policy on hiring of secretarial employees is planned by the Granite City school board, which may consider the topic at its June 12 meeting.

As part of the policy, requirements of the personnel board will be outlined in greater detail than at present, and some tests may be set up to aid in evaluating applicants. Experience and training will be considered, and a five-year minimum residence requirement may be set.

At one time the district attempted to select secretaries entirely by date of application, which proved unworkable. The current policy has been to depend principally on recommendations of the personnel administrator and the principal or administrator for whom the secretary is working.

A decision on a library secretary position at Granite City high school will await formulation of the policy.

Teachers for Fall Term

Eight persons newly hired as teachers for the 1967-68 year are: Miss Sandra Sue Bye, Litchfield, Minn., 1967 bachelor degree from St. Cloud State College in Minnesota; Mitchell Third grade; Miss Karen Hope Daugherty, 2641 Iowa street, bachelor degree from Harding College, Ark., and two years of grade position; Miss Phyllis Ann Fowler, Ash Flat, Ark., Harding College and two years, elementary position; Mrs. Eunice Tharp, 2335 Zippel avenue, Iowa State bachelor degree and a half-year of teaching, Washington fourth grade.

Miss Sandra Joanne Centner, Muskegon, Mich., 1967 Elmhurst bachelor degree, speech therapist; Miss Linda Jo Crawford, Jerseyville, MacMurray College bachelor degree and one year of experience, elementary vocal music.

Harold E. Gunderson, Girard, Ill., SIU bachelor degree and two years of teaching, Prather junior high English and social studies; and Mrs. Mary Catherine Trimmer, St. Ann, Mo., Blackburn College bachelor degree and a year of experience, Central Junior high science and "book of time" (English and social studies).

Leaves Resignations

Leaves of absence have been granted to Mrs. Eula A. Myers, GCHS library secretary, through Dec. 31, due to illness; and Mrs. Beverly M. Froendner, Logan grade school counselor, through Dec. 8.

Resignations effective June 2 have been accepted from Mrs. Loydene Davis, Mitchell third grade teacher, wife of Supt. Bob J. Davis; Mrs. Phyllis A. Hager, Coolidge junior high school home economics instructor, whose husband is being transferred to an Air Force base in Germany; Miss Patricia A. Hankins, Mitchell first grade teacher, who is to be married and reside in DeKalb, Ill.; and Mrs. Nancy Leach, Coolidge junior high school mathematics teacher, whose husband has been hired to work for the state superintendent of public instruction in Springfield.

Also on the list of those whose June 2 resignations have been accepted is Ralph Sackett, GCHS

**FIRST PICNIC IN NEW PARK** took place Thursday afternoon. About 1000 Parkview grade school pupils, parents and younger children enjoyed food, skill games, a clown, prizes and playground equipment in 20-acre Worthen Park, Maryville road and O'Hare avenue.

## Fees, Hours Scheduled for Skating Rink

Skating at the new Granite City park district rink, scheduled to open in October, will be in two and one-half hour sessions, with instructional and family night events planned for specific days of the week, according to plans worked out by Park Supt. Harold Brown and approved by the park board.

Brown explained the schedule still is subject to change before opening of the rink but that it now contains the basic fees and hours of operation.

These include a fee of 75 cents for adults residents of the district for each skating session. For children living in the district, through high school age, will be 35 cents for each session. Skate rental will be 50 cents per session and the fee for sharpening skates will be 50 cents for hockey skates and 75 cents for figure skates.

Non-Resident Fee Higher

For non-residents the adult fee per skating session will be \$1.25 and that for children 60 cents. Rental and sharpening fees will be the same as those for resident skaters.

While no season tickets are planned, residents of the district may buy a book of ten tickets for adults for \$7 and a book of ten tickets for children at \$3.

Three skating sessions per day will be scheduled Monday through Friday. These will include the hours 3 p.m. to 5:30 p.m.; 5:30 p.m. to 8 p.m., and 8 p.m. to 10:30 p.m.

Saturday skating sessions will be from 9 to 11:30 a.m.; 1:30 to 4 p.m.; 4 p.m. to 6:30 p.m. and 7 to 9:30 p.m.

Sunday sessions will include 1 to 3:30 p.m.; 3:30 to 6 p.m.; 6 to 8:30 p.m. and from 8:30 to 10 p.m., with the last session for adults only.

**Plan Free Instruction**

A housewives skating instruction period will be held from 11:30 a.m. to 1:30 a.m. each Wednesday and Friday. Fees will be the same but free instruction will be given.

Instruction periods for children will be held on Saturdays from 11:30 a.m. to 12:30 p.m. Although this session is one hour, the skating fee will remain the same but the instruction will be provided free.

Family nights will be held on each Tuesday at which district residents will receive a free child's ticket with each adult ticket purchased.

A one-hour class will be held on Saturdays from 8 to 9 a.m. for children wishing to learn the skills and rules of hockey. The admission fee also will be unchanged from the regular charge for the one-hour session.

**Board Committees**

Barry Loman, president of the Granite City park district board, is announcing the appointment of new committees.

William Kozayak will be chairman of the finance committee with Clarence Baumeier and Paul Schuler as members. Baumeier was named chairman of the engineering committee, with Milton Worthen and Kozayak as committee members.

Other committees include park and recreation, Worthen, chairman, Schuler and Baumeier, and ordinance, Schuler, chairman, Worthen and Kozayak.

The new 1967-68 district budget and appropriation is to be adopted in July.

## Col. Hoskin Named To Area CD Post

Col. Charles E. Hoskin III, commanding officer of the Granite City Army Depot, was elected vice-chairman of the Federal Executive Board of Greater St. Louis, at a meeting of top-level federal personnel Thursday.

Board Chairman A. H. Sonntag, St. Louis Civil Service Region director, presided at the session, held in the Federal Building, St. Louis.

Earlier this year, Col. Hoskin was appointed chairman of the Board's Civil Defense committee, with responsibility for coordinating all area CD programs relating to federal agencies within the two-state metropolitan region.

Agencies whose civil defense emergency preparedness assignments are regulated and coordinated by the depot commander include the Post Office Department, Internal Revenue Service, General Services Administration and the Army, Navy and Air Force, including Scott Air Force Base near Belleville.

In conjunction with Thursday's meeting, a panel discussion program was presented, "Federal Managers' Responsibilities for Civil Defense."

Panelists were Col. Hoskin; Robert B. Hubbard, assistant director for Region VI, Office of Civil Defense, Denver, Colo.; and Richard W. Austin, Kansas City, Mo., regional administrator for the General Services Administration, whose jurisdiction covers seven midwestern states.

Later the same day at a special

## Secretaries Chapter To Install Officers

The Tri-Cities chapter, National Secretaries Association, will hold a monthly dinner meeting at the Rose Bowl at 6 p.m. Thursday.

There will be installation of new officers, and all interested secretaries are being invited to attend. They are to contact Mrs. Sharline Vanovic, CH 1-1772, or Mrs. Joy Augsburg, GL 2-1100.

A special seminar here for Granite City Army Depot supervisory personnel, concerning equal employment opportunities, Col. Hoskin addressed the group on policies and employment practices now in effect at the local military installation.

Featured speaker at the Depot meeting was the Rev. Dr. Lucius F. Cervantes SJ., a professor of sociology at St. Louis University. Rev. Cervantes also serves as director of the Social Research Institute and as research assistant to his brother, A. J. Cervantes, mayor of St. Louis.

## Rules to Follow When Sending Child to Camp

A camp director was concerned last year when a 10-year-old camper returned from a routine hike with red, puffy eyes swollen shut. A call to his mother revealed the boy was allergic to weeds.

The incident need never have happened if the boy's behavior had been reported on the first day of camp. Now the director will admit only those children whose parents provide him with a medical fact sheet.

What information should be listed?

A minimum list should include any allergies to weeds, animals or foods, any physical defect which would limit full participation in camp activities, a known hypersensitivity to bee or wasp stings, reaction to common aspirin, and the date of the child's last tetanus shot.

Other notations to be included should be any undue fear of water, the dark, behavior problem (antisocial) or emotional problem (bedwetting).

Camping can be fun, educational, and exciting. It takes a few precautionary steps before registering the child.

Mature adults of high moral character are a must when dealing with young children.

Check the camp's equipment and facilities to see if they provide good living conditions and a wide program of activities. The camp program should provide experiences in outdoor living, nature study, sports, games, group and individual behavior, and field trips at a minimum.

Here are questions to ask before registering a child in camp: Is the drinking and swimming water supply safe and has it been tested by health authorities?

Are meals balanced and is food prepared and stored properly?

Are kitchen and dining facilities sanitary?

Are sleeping facilities adequate and well ventilated?

Does the camp have fire protection?

Is medical help readily available?

What is the child-to-counselor ratio and does the camp have enough counselors to assure constant supervision?

Does the child want to go to camp and has he been prepared as well as possible for his first separation from his family?

## Madison Library Story Hour Program to Begin June 6th

Summer "story hour" at the Madison public library will begin Tuesday, June 6, and continue each Tuesday through June 27. It was announced today by Mrs. Dennis S. Revelle, head librarian.

The weekly sessions will be held from 1:30 to 2:30 p.m. in the library building, 1700 Fifth street.

Children who are attending kindergarten through fourth

grade classes this year in Madison schools are eligible to participate in the story hour program, which will be supervised by Mrs. Austin Lewis and Mrs. Stanley Gasho, assistant librarians.

Last summer, attendance averaged 30 children at each session, Mrs. Revelle reported. She said that additional children can be accommodated and invited all those eligible to attend.

The Madison county board of supervisors adopted a resolution to cooperate in a three-county study to develop a refuse disposal plan for Madison, St. Clair and Monroe counties during its meeting last week. It was presented by Carl Buehler of Granite City, chairman of the sanitation committee.

The work would be conducted by the Southwestern Illinois Metropolitan Area Planning Commission at a cost of \$45,000, with two-thirds to be provided by the U. S. Department of Health, Education and Welfare.

Harold Landolt, board chairman, was authorized to sign an application for federal funds and to delegate SWIMAP to make the study.

In other action the board changed the name of Lake drive to Virginia drive in Sunny Acres subdivision of Nameoki township.

Appropriated \$200 for the Madison county committee of the Illinois Sesqui-centennial to cover initial operating expenses in planning celebrations next year.

Adopted a resolution authorizing the detention home architect to make necessary revisions in plans for the home.

Officially accepted the Maryville road improvement program which was completed at a contract price of \$60,768 by the Calhoun County Construction Co. of Springfield. A final payment was approved.

Agreed to close the court house today and July 3, the Monday before the Memorial Day and July 4th holidays.

Heard a report of plans being made to expand the capacity of the county nursing home to accommodate increasing requests for admission there. The nursing home has had a capacity of 50 patients for the past several years.

Heard another report that the tuberculosis sanatorium had 35 patients at the end of April, an increase of one during the month.

## Group to be Formed to Aid Hospital with Planning

Formation of a group to be known as "Associates of St. Elizabeth Hospital" was announced today by Sister Mary Thomas, hospital administrator.

The group is to be composed of all individuals and firms that have contributed \$1000 or more in the present fund-raising campaign and all members of the soliciting organization who have produced \$5000 or more. The first meeting will be held in June with the date to be announced later.

At the meeting, the group will be asked to elect a five-member executive committee to work closely with the hospital's lay advisory board, the medical staff, the architect, the contractor and the Sisters in matters of construction and remodeling at the hospital.

"This is in line," Sister Mary Thomas said, "with earlier recommendations by the Chamber of Commerce and other business groups."

"We want the best advice possible from the best business minds in the community" in spending the money which has been raised in the hospital campaign, which has been realized

from the federal grant and which is being contributed by the Sisters.

Businesses and corporations will be invited to send one representative to the June meeting. Specifically exempt from membership on the executive committee to be elected are members of the hospital's lay advisory board and the medical staff who have building and planning committees.

MRS. WILLIAM H. ST. PETERS, a bride of Saturday. Before her marriage at the Elm Street Presbyterian Church, Godfrey, she was Barbara Robinson, a daughter of Mr. and Mrs. Robert M. Robinson, Rural Route One.

## Miss Robinson, Wm. St. Peters Exchange Vows

An out-of-town wedding of interest locally was that Saturday evening in Godfrey of Miss Barbara Robinson, a daughter of Mr. and Mrs. Robert M. Robinson, Rural Route One, and William H. St. Peters, a son of Mr. and Mrs. Herbert St. Peters of Godfrey.

The ceremony took place at 7:30 in the Elm Street Presbyterian Church, with Rev. C. H. Colinson officiating.

The only attendants were Mrs. Sharon Yates, a sister of the bride, and Don Parks. Larry Yates and Thomas Lowery served as ushers.

A gown of ivory organza was worn by the bride. Chantilly lace and pearls trimmed the bodice, and the train was of organza and lace. A headpiece of lace and pearls held in place the bride's veil of illusion and she carried a bouquet of white roses and lilies of the valley.

Mrs. Yates was in a gown of blue organza with velvet trim on the bodice and a row of velvet bows across the back. Her flowers were white carnations tipped in lilac.

For her daughter's wedding, Mrs. Robinson was attired in emerald organza with a lace coat and orchid accessories. The bridegroom's mother wore a blue lace dress with matching accessories. Both had white orchid corsages.

A reception was held after the ceremony in the church social rooms.

The newlyweds will make their home in Granite City after a short honeymoon in Missouri. The bride graduated from Granite City high school and is employed in the sales department of Granite City Steel Co. Mr. St. Peters, a graduate of the Alton schools, is employed in Wood River and is attending classes at Southern Illinois University, Alton.

Among out-of-town guests in this area for the wedding were Mr. and Mrs. Vern Andrews, Waterloo, Ia., an uncle and aunt of the bride.

## Band Entertains At Logan PTA

A musical program highlighted the May meeting of the Logan school PTA Thursday evening in the school multi-purpose room.

Mrs. Alma Burnett, retiring president, was in charge of the meeting and Mrs. Eva Meier, principal, read the PTA prayer. Mrs. Burnett reported on the school picnic and read a letter from Mrs. Anderson's fifth grade room thanking the PTA for prize money given the room in conjunction with the annual candy sale.

Mrs. Meier introduced the officers for 1967-68. Mrs. Betty Koefer, president, Mrs. Shirley LeMaster, vice-president, Mrs. Theresa Naylor, secretary, and Mrs. Norma Frost, treasurer. Mrs. Burnett was presented with a past-president's pin.

Mrs. Meier introduced Miss Elsie Mayhath, who in turn introduced the director of the McKinley division band, Sterling School.

The band presented the evening's entertainment: "Homage to Youth" by Oliverio; "Two Airs" by Corelli-Gordon; a French trio, "Sparkling Jewels," Jim Green, Sue Jackson and Jean Evonoff; "Handel Suite" by Handel-Gordon; "Crusader's Hymn" by Playhart; "Creation's Hymn" by Beecham-Foulkes; and a saxophone trio, "Azure Skies," Debra Hadley, Robert Swigert and Marjorie Ren.

The band closed the program with "When Johnny Comes Marching Home" by Peter Reynolds and "Mexican Sundaes" by Ted Peterson.

Refreshments were served by the first grade room mothers and the PTA executive committee to approximately 90.

## HENLEY-HILLEN WEDDING ANNOUNCED

Mr. and Mrs. Kenneth Hillen, 2125 Richmond avenue, have just announced the marriage of their daughter, Miss Donna Rde Hillen, to William Henley, a son of Mr. and Mrs. Raymond Henley, 2540 Cleveland blvd.

The ceremony took place May 20 at First United Presbyterian Church, with Rev. R. Paul Sims officiating.

Among people are graduates of Granite City high school, and the past year the bride attended the University of Illinois. She is now employed at Washington University. Mr. Henley has been attending Southern Methodist University, Dallas, Tex. He is now employed at Connecticut Mutual Insurance Co., but plans to return to SMU in the fall.

## Golden-Williams Nuptials Friday at Calvary Baptist

RECENT BRIDE. Mrs. Charles Hayes, the former Ginger Marie Horn, a daughter of Mr. and Mrs. Robert Horn, 2321 St. Bernard avenue, who was married Saturday at St. Elizabeth's Catholic Church.

Miss Bonnie Sue Williams, a daughter of Mr. and Mrs. Maynard Williams, 1013 Joy avenue, and Gary Golden, whose parents are Mr. and Mrs. Willard C. Golden, 2722 Sunset drive, were married Friday evening at Calvary Baptist Church.

The 7:30 ceremony was performed by Rev. W. L. Showers before the altar decorated with arrangements of white summer flowers and greenery and lighted with candles in branched candelabra. White satin bows marked the family pews along the center aisle.

A gown of white satin trimmed with lace was worn by the bride. It was styled with a rounded neckline, long sleeves and a chapel train. A veil of silk illusion was held in place with a forward crystal and pearl headpiece and the bride carried a teardrop bouquet of white baby's breaths centered with a corsage. Mr. Williams gave his daughter in marriage.

The attendants were Miss Diane Koenig, maid of honor; and Miss Karen Randall and Miss Donna Pratt, bridesmaids. They were dressed alike in gowns of lime green peau de soie. Made on Empire lines, they had rounded necklines and

short sleeves. Petal headpieces completed their costumes and they carried cascade bouquets of yellow mums.

Two little flower girls, Terri and Sandy Henderson, wearing white satin dresses, the Empire bodies outlined with olive green velvet sashes, carried nosegays of yellow flowers.

Phillip Heath was best man, and Steven Golden and Michael Williams served as groomsmen. The guests were seated by Micky Hall and Norman Hall Jr. The bride's mother wore a pink silk shantung dress and beige accessories. The bridegroom's mother chose a two-piece light green dress. Both wore white corsages.

A program of wedding music was furnished by Dean Monk, organist, and Charles Adams, soloist. The songs were "More," "Because" and "O Perfect Love."

After a honeymoon in Missouri, the newlyweds will live in the Montclair Apartments, 1812 August street.

SECRETARIES ATTENDING division meeting in Danville, Ill., gather around a totem pole. Left to right are Mrs. Bonnie Boofen, president of the Alton Chapter, National Secretaries; Mrs. Helen Gieselmeyer, president of the Tri-City Chapter; Miss Jane Davis; Mrs. June Moser, a member of the Institute for Certifying Secretaries; Mrs. Charlene Yonovic, chairman of the ID Home Service Committee, and Miss Arlene Noll.

## Hoffman and Campbell Nuptials

Miss Donna Campbell, a daughter of Mr. and Mrs. John Milan, 2028 Washington avenue, and Frederick Hoffman, whose parents are Mr. and Mrs. Andrew Kontras, 1751 Walnut street, were married at Concordia Lutheran Church Friday.

The ceremony was performed at 9 a.m. and a reception was held afterward at the home of Howard Westbrook on Adams

street. The Rev. Arvin Twietmeyer officiated at the church service.

Attending the couple were Mrs. Carol Ann Reed, a sister of the bride, and the bridegroom's brother, Edward Hoffman.

The bridegroom is employed by the Corrugated Box Co. The newlyweds will live at 2163a Benton street.

## Cahokia-Venice In Seven-Club Girls' League

A Cahokia-Venice girls' softball team is one of seven squads making up the Girls' Twilight Softball league this year. Its home games are played at Leo Park in Venice. Manager is John Kaltenbach of Cahokia.

Teams, managers and home diamonds of other clubs in the league are Caseyville, Frank Kondousis, VFW Post 1117 Park, Collinsville, Elmer Hazzard, Fletcher Field, Belleville, Wilfred Kretschmer, South Side Park, Grafton, Cube Desheria, American Legion Park, Maryville, Francis H. Wille, Maryville Park, and Wood River, Tony Zolner, J. C. Park.

League standings as of Friday are Collinsville 4-0, Maryville and Cahokia-Venice 4-2, Wood River and Caseyville 2-2, Belleville 2-1 and Grafton 0-5.

All games are scheduled for 8:15 p.m., with contests on Wednesdays and Fridays.

The girls play fast-pitch softball, differing from baseball only in that runners cannot take a lead off base. The teams, limited to 16 members each, use nine players on the field in seven-inning contests.

Cahokia-Venice visits Caseyville Wednesday for its next scheduled game.

## Hentzel to Attend Milliken University

Jim Hentzel, a star Granite City high school basketball player, has accepted a full athletic scholarship to Milliken University, Decatur.

The six-foot-all conference forward averaged 18.6 points a game in 1966-67, serving as Warrior co-captain along with Terry Moore. Moore has been awarded a trip to Dallas, Tex., June 15-19 to attend an American Academy of Achievement program.

# IMCA Sprint Season Opens At Local Speedway Tuesday

A last-minute flurry has sent some of the International Motor Contest Association sprint car drivers into the lineup for the Memorial Day evening racing program at the Tri-City Speedway.

More than 500 Nemoiki road, beginning with trials at 7 o'clock.

Three time IMCA sprint car king, has inked his entry blank and will drive the Wagner-Johnson Chevy powered sprinter in the seven-event program.

Richert is well on his way to becoming one of the greatest IMCA sprint car pilots. He is a colorful competitor, with a high-rising technique and ability to maneuver in traffic.

There should be lots of passing tomorrow, with the IMCA reverse feature the faster timed cars to the rear of the various heat races.

Joining Richert are several other top drivers. Tom Bigelow of Whitewater, Wis., is in with

the Brock and Phillips Chevy, Chuck Lynch of Springfield, Ill., has a Chevy set to go, as has the "Little 500" pole sitter this year, Earl Harrison of Tiffin, O.

Cliff Cockrum of Benton, Ill., will compete. The national super-modified racing champion, Jay Woodside of Kansas City, Mo., has the powerful Ted Hall Chevy. From the south comes highly regarded Bill Rognon of Tampa, Fla., considered one of the most promising chauffeurs on the IMCA circuit this year.

More than 80 cars are expected for the evening racing special. It will mark the first spring-summer appearance of the IMCA sprinters on the local track, and lots of early season fireworks should unfold.

lting Edwardsville at 8 o'clock tonight for an exhibition game at LeClaire Field. Regular play will begin June 9.

Returning college players are Fred Hoffman, Greg Patton, Charles Collins, Larry Ripka and Larry Harmon.

Warriors on the team are Carl Smith, Steve Longway, Steve Convey and Paul Kacera, infielders, and Roger Gaudy and Jeff Jones, outfielders.

Teams in the league, their coaches and playing sites are: LeClaire Field, Collinsville, Melvin Simpson, Fletcher Field, East St. Louis, Jim Murphy, James Park diamond No. 1; Dan Lakes County Club, Bloomington, Ill., just outside of Chicago, July 17-19.

D. E. L. Stroehde, events chairman, said entry blanks must be completed and returned to him with the \$1 entry fee no later than June 20. Those who competed last year can compete again as long as they meet all the qualifications.

Not only older boys but younger teenagers are being encouraged to enter.

Entry blanks can be obtained by calling Dr. Stroehde at TR 7-8890 or at TR 6-1234, or by contacting any Granite City Jaycee.

All completed blanks should be returned to him at 1126 Madison avenue, Madison.

## Eagles Score Early, Triumph 8-4 Sunday

Dog-N-Suds 8-4 and Northwestern Mutual lost for forfeit to Clark's Vikings in Class C slow pitch softball Sunday at Wilson Park.

Illinois Power staged a four-run first inning on two errors, a single by Allen Emert and a double by Bert Simpson. Dave Moore singled twice in the winners' eighth attack. Dick Hill tripled and singled and Harry Gates doubled and singled to lead Dog-N-Suds hitting.

Two diamonds are located at Third street and Highland avenue, Madison. Another paid of diamonds is located at 12th street and Washington avenue, Madison. Three diamonds in Venice Lee Park will be used by the league, with one light-equipped.

## 5-1, 2-2 Verdicts in Church League Games

Central Christian downed Grace Baptist 5-1 and Nemoiki Methodist beat Emmanuel Baptist 2-2 in slow pitch softball Class B church league play Saturday at Wilson Park.

Allen Kennerly, Larry Shipley, Jim Leggett and Dave Daniel had two singles each among Central Christian's 12 hits. Carl Milliken had two of Grace Baptist's eight hits with two singles.

Four runs in the third inning gave the game for Nemoiki, tallied on successive singles by Carl Peters, who had doubled in the first, Donald Norcutt, Roger Russell and Edward Wesson. Nemoiki garnered six hits.

George Dombec led Emmanuel with a single and a double in a seven-hit attack. Richard Harper had two singles.

## Davis Juniors Gain 7-6 Baseball Victory

### 3 Children Among Ten Injured In 16 Area Mishaps

Ten persons were injured in 16 traffic mishaps reported in the Quad-City area during the weekend. Three of the injury victims were children.

Lillian M. Gardner, two, suffered minor injuries when an auto driven by her mother, Mrs. Helen T. Gardner, 4495 Vine blvd., was struck in the rear by another driven by Manfred Hochuli, 4125 Braden avenue, at 5:10 p.m. Thursday at 1605 Pon-toon road. Both drivers said au-to suddenly slammed on the brakes and made a right turn, causing the mishap.

Denise Rankin, eight, 511 Washington avenue, Venice, was treated at St. Elizabeth Hospital at 3:15 p.m. Friday after striking her head against the wind-shield of an auto driven by Ruth Rankin, 28, of the same address.

The right front of their south-bound car was damaged, along with the front of the auto owned by Linda Rice, 1389 Norwood drive. Both were making a turn at 25th street and Madison avenue.

Boy, 6, Hospitalized

Earl Spaulding, six, 4027 Gar-den lane, was hurt at 5:10 p.m. Friday when his bicycle colli-ded with the auto of Larry Behrends, 5035 Lake drive, on Brecken-ridge lane. He was admitted to St. Elizabeth Hospital with a shoulder and arm injuries and a scalp laceration.

Both drivers were hurt at 10:25 a.m. Saturday at 15th and State streets in a head-on crash that damaged the southbound auto of Marshall K. Hines, 32, of 2200 Adams street and the north-bound car of Donald Brockway, 38, Allen.

Hare was treated at St. Eliza-beth Hospital for a laceration near the right eye and abrasions to the back and right knee. Brockway was admitted to the hospital with a cerebral concussion and a forehead laceration.

Brockway was charged with improper lane usage. The vehi-cles met in the southbound lane at a point where the street curves, and the Brockway car came to a rest with its left rear fender against an Illinois Power Co. pole, which was jarred loose.

One person was injured and two parked cars, both owned by George Schaffner, 698 Washing-ton avenue, Venice, were dam-aged early Thursday afternoon in front of Schaffner's home.

Venice police reported a car driven by Robert F. Schaffner, 725 Brown street, Venice, struck a 1967 auto, knocking it into a 1959 car.

Karen, 17, of 812 Third Street, Venice, suffered abrasions to the knees. She was riding in Sham-bro's car.

Rex Manning, 43, of 5152 Lakeview drive was injured at 3:30 p.m. Saturday in a motor-cycle accident and was trans-ferred from St. Elizabeth Hospi-tal to Firms Desloge Hospital, St. Louis.

He suffered chest and back in-juries, lacerations about the right eye and a brain contusion. His motorcycle struck a utility pole on Lakeview drive near his home.

## GC Sewer Crew Discovers Clubhouse in Manhole

A startling discovery was made by the Granite City street department sewer crew Friday morning when they were making a routine inspection and found an "underground" clubhouse built by youngsters in a 12-foot deep manhole.

The discovery was made in the sanitary sewer line along an easement in the vicinity of Maryville road and Wilson ave-nue, and street workers noted the manhole was in plain view of nearby homes.

Street Supt. William Warfield stressed the danger of not only being in a manhole but also the possibility of an explosion of sewer gas if a match were struck.

"We've had cases where a match has been struck near a downtown catchbasin and the explosion knocked off manhole covers a block away," Warfield said, adding that his men never light matches or smoke when working around sewer lines.

The workers were on a routine inspection of sewer lines when they discovered the platform at the bottom of the manhole, made of old 2x4s and planking. One board was placed over the inlet for a 10-inch sanitary sewer line to block its flow.

Warfield said he did not get the names of the youngsters who built the clubhouse, but he did go to nearby houses and issued warnings to the adults.

"It's unusual," he commented, "that no one saw any of the youngsters going in and out of the sewer. It would take several youngsters to lift a heavy man-hole cover."

Two tables, two chairs, a server, a hutch and a mirror were taken. The lock was broken off the rear door of the truck, owned by the C. B. Atkins Trucking Co., Knoxville, Tenn. Driver was Tom Hottel, Route two, Powell, Tenn.

A \$150 table TV set, \$100 camera, 32-caliber pistol valued at \$80 and \$35 power lawnmower were stolen from the car of William Baker, 206 Carver street, Eagle Park Acres, Fri-day night. The burglar forced open a basement door lock.

\$400 Cash Stolen

Helen Mae Orasco, 64 Venice Homes, reported to Venice po-lice Saturday that \$400 was stolen from a box she kept in her apartment. She said she dis-covered the theft Saturday after-noon when she opened the box to add money to the amount. The box was empty, she reported. Police are seeking a man named by Mrs. Orasco as a suspect.

Two, Collinsville, was treated at St. Elizabeth Hospital after a collision at 10:20 p.m. Saturday at 20th street and Park avenue. He suffered knee, left arm and head injuries.

There was damage to the front of Wallace's eastbound car and the right side of the auto of Larry Misukonis, 22, Highland, who was driving west, on 20th and turning left.

Richard Bick, 30, of Poca-hontas, was injured Thursday when his auto, headed north on Route 3, went into the ramp of Interstate 270 too fast. He lost control and the auto overturned.

He was admitted to St. Eliza-beth Hospital with a lacerated scalp, s m a l l cuts to his left shoulder, abrasions to both legs and chest pains.

GC Boy, 14, Wounded In Leg Accidentally

Bobby McGiffin, 14, of 2008 East 26th street, underwent sur-gery Saturday for removal of a .22 caliber slug from his left thigh. He was wounded Thurs-day night when a rifle was dis-charged accidentally and was taken to St. Elizabeth Hospital by ambulance.

The boy is the son of Mrs. Imogene McGiffin. Police are planning to talk to the boy today to get details on the mishap.

## \$1500 Furniture Theft, Burglaries

Furniture valued at \$1500 was stolen Friday night at Route 162 and Louisa street from a parked truck that was being used to move it.

Two tables, two chairs, a server, a hutch and a mirror were taken. The lock was broken off the rear door of the truck, owned by the C. B. Atkins Trucking Co., Knoxville, Tenn. Driver was Tom Hottel, Route two, Powell, Tenn.

## MORE ABOUT 7 Firemen

Niedringhaus avenue railroad crossing delayed several of the ambulances.

Miss Barbara Reace, 1700 Edison avenue, was treated later for smoke inhalation. A group of American Steel Furnaces work-men had to leave their jobs due to the smoke.

Chief Earl Fronabarger said today that a study of the damage is still under way and no finan-cial estimate has been made.

46 Men, Seven Vehicles

Five trucks and 30 firemen were dispatched by the depart-ment, and the Army Depot sent two trucks and six firefighters. Several Madison and Venice fire-men voluntarily helped move hose at the scene, and ten Amer-ican Steel employees directed a large stream of water onto the blaze.

Firemen were summoned promptly but the blaze originat-ing in the apartment building had spread rapidly while the fire engines were enroute that little could be done to save it or the buildings on either side, and efforts were concentrated on the other adjacent structures.

Among the property protected was a television repair shop at 938 1/2 Niedringhaus and a barber shop at 938 Niedringhaus.

Flames leaped high into the sky, making Niedringhaus ave-nue impassable for a time, and dark smoke was so thick that it was visible for miles.

Firemen led Capt. Alvin Brandes were at the fire until 1:30 a.m. Saturday and returned at 10 a.m. Saturday as it con-tinued to smolder. They were at the scene yesterday from 1:10 p.m. to 3:55 p.m.

The apartment building at 944 Niedringhaus was condemned by the city April 22 and had been vacated, Chief Fronabarger said.

Some water line improvements were made in the neighborhood following a 1953 fire fatal to three persons in the 800 block of Niedringhaus.

## MORE ABOUT Percy and Price

from the two-state area.

Parade Through Area

Extensive plans, now being de-veloped by the personnel, call for the formation of a large-scale parade throughout Venice, Mad-ison and Granite City, terminat-ing at the Depot. Parade units will include several military, school and fraternal bands, floats and representative marching groups from various Armed Forces units.

One of the day's highlights will feature a golf tournament at the Depot links, with competition open to club members and non-members. Col. Hoskin said, Fur-ther details on the golfing event and dates for registration will be announced at a later date, the commander added.

Demonstrations of marching skill and formation drilling will be spotlighted on the parade grounds and numerous exhibi-tions may be inspected by the public within the military in-stallation's buildings.

Mrs. Sally Sowell, of the school district staff, moderator, led the discussion on the philosophy of the non-graded school system which is to start at McKinley in the fall, and a group of the teachers served as panelists. An in-formal question and answer pe-riod followed and Jack Mulach, school principal, explained the system and answered questions by the group.

The guest speaker was Prof. Manfred Sontagard, psychiatrist on the staff of Southern Illinois University-Western campus, whose topic was "Mental Illness in Schools."

### Says Strong Military Deters Aggressors

Col. Charles E. Hoskin III, commanding officer of the Granite City Army Depot, addressed members of the Manufacturers Association of the Tri-Cities Thursday night as a phase of the observance of Armed Forces Day which officially was marked last week.

Col. Hoskin, accompanied by five lieutenants whom he introduced as his youngest junior officers, referred to establishment of Armed Forces Day in 1959 and pointed out that "since then, Americans everywhere have observed the great annually as a demonstration of unity and common purpose of the Armed Forces in the fulfillment of our National Security requirements as summed up in the motto — 'Power for Peace'."

The meeting at which the depot commander spoke was the Manufacturers Association's regular monthly session in which A. P. Steinhauer, works man-

commander was accompanied by, left to right—Lt. John Burnett, Lt. John Goodell, Lt. Jerry Bass, Col. Hoskin, Lt. Bruce Cairns and Lt. John Lyons.

### Bus Fare Boost Necessary to Avert Deficit

Fare increases and service curtailments proposed by Bi-State Transit System to become effective if state subsidies are not received are necessary to meet higher labor costs as well as ward off a potential \$360,000 deficit for the current fiscal year, it was reported by Bi-State officials.

Service curtailments and proposed fare increases were authorized by the Bi-State Development Agency board of commissioners last week under a plan designed to raise \$1,000,000 additional revenue per year. The plan calls for reduction of service on 20 lines and elimination of others.

These include a 20% service curtailment on the East and West Granite runs and elimination of the Pontoon Shopper express run.

Unless Illinois and Missouri legislatures approve subsidy appropriations—\$400,000 in Illinois and \$600,000 in Missouri—Bi-State Transit System will apply to the Interstate Commerce Commission early in June for authority to put the rate increases into effect July 3 and initiate the service cutbacks on Sept. 1.

**Raise Basic Charge**  
Under the proposal the suburban basic charge will be raised five cents to 30 cents; the express fare increased five cents to 40 cents; the Illinois student fare hiked five cents to 40 cents; the suburban zone charge raised from ten cents each or two for 15 cents to a flat rate of ten cents each; the weekly "gold pass" raised 25 cents to \$4.50; the weekly "silver pass" raised 15 cents to \$3.95; the Missouri student and discount passes raised 25 cents to \$2.25, and charter rates increased eight percent across the board.

The Bi-State Agency, parent body of the Bi-State Transit System, approved the program and authorized transit officials to

### CEDRIC G. PASLEY Pasley Promoted At Nestle Co.

The promotion of Cedric G. Pasley to a supervisory position at the local Nestle's plant was announced today by John W. Newlin Jr., plant manager.

Pasley, who resides at 612 Fleming place, was named former of the processing department. He formerly was a maintenance mechanic at the Nescafe instant coffee plant.

file application during a regular meeting last week.

It was announced during the session that Mercantile Trust Co., trustee for the agency's trust indenture, has notified the Bi-State Agency that it has a deficiency of \$725,958 in its pre-pension reserve fund. The agency is required to put 7% of its gross revenue into this fund, but has averaged only 6% over the last four years.

Bi-State also is deficient in its payments to the capital improvement fund. Three percent of gross revenues are supposed to be deposited in this fund after payment of the depreciation reserve fund.

**Rapid Transit Contract**  
The Bi-State board has authorized Col. R. E. Smyser, executive director of the agency, to sign a final contract for the rapid transit study which became assured in March with the appropriation of funds from both legislatures.

Col. Smyser told the board a new date of June 16 has been set as the probable beginning of operation of the train system in the north leg of the Gateway Arch. The train system which will carry passengers to the top of the Arch will be operated by Bi-State Transit System.

Col. Ralph B. Jackson, president and superintendent of Western Military Academy at Alton, has been seated as a new member of the board, replacing C. E. Townsend, editor-publisher of the Granite City Press-Record. Townsend requested Gov. Otto Kerner not to reappoint him when his term expired last January.

Townsend has been chairman of the board. A nominating committee has been appointed to make recommendations for a new chairman at the next meeting June 28.

### Area PTA Council Installs, Awards Art Scholarship

Mrs. Pat Polly of Mitchell was installed as president of the Granite City Area Council of PTA's Thursday evening at the McKinley grade school. She succeeds A. E. Menendez, principal of Mitchell school, who conducted the council's final meeting of the 1966-67 school year.

The installation program also featured the presentation of an art scholarship award to Don Kirksey, Granite City high school graduating senior, and a talk relating to "Adult Education," given by M. A. Witte, vocational director of adult and vocational education in the Granite City school system.

Mrs. Kathleen Tadlock, a past council president and member of District 29, ICPT, secretary, served as the installing officer.

Other executives who will direct the council's affairs in 1967-68, include: Mrs. Twila McKinney, vice-president; Mrs. Mary Church, recording secretary; Mrs. Elizabeth Stevens, corresponding secretary; and Lee Kirksey, treasurer.

As winner of the council's art scholarship, Kirksey was presented a check by Mrs. Tadlock, cultural arts chairman. He is the son of Mr. and Mrs. Oliver Kirksey, 3201 Kilarney drive.

The award, granted annually to a deserving local art student, is derived from contributions made by individuals who attend the "Acres of Art" all-school art exhibition and donations by several local groups.

These contributing to the scholarship this year include Women of the Moose, Chapter 247; Nameoki Woman's Club; Lake Mitchell and Marshall PTA units; Macedonia-Bulgarian Ladies Aid Society and the Minerva Woman's Club.

Eugene Aiasa, GCHS art director, briefly reviewed aspects of the annual show, stating the display of student work is well received by the public.

Discussing various courses available through the Granite City school district's adult education program, Witte pointed out that the majority of past students return to school to secure a high school diploma, to keep up with new trends in various fields, or to further their education in new areas of endeavor.

In other business, council members heard a report on activities at the Illinois Congress of Parents and Teachers convention held in Chicago this month in Chicago, presented by William Mace of Nameoki PTA.

A "drug session" was conducted, during which PTA officers reviewed achievements accomplished during their own schools.

Refreshments were served by the McKinley PTA executive board to council delegates and McKinley PTA members, who met simultaneously.

**Warning System for Tornadoes Described**  
An around-the-clock tornado warning system, developed by the U. S. Weather Bureau, was described to Granite City Optimists at their luncheon meeting Thursday in the YMCA.

Floyd T. Mitchell, Granite City district first group to pledge its goal, The Auxiliary's pledge was \$150,000.

Mrs. Jackie Haug and Paul Hopper, co-chairmen of the Hospital Employees Division, pointed out they had topped the minimum goal of \$75,000 and were reaching for a challenge goal of \$100,000. "Our first task is completed," Miss Haug said, "but we are going ahead to reach the \$100,000."

Another group over its quota is the hospital's Lay Advisory Board. Austin Witter, vice-president, said the board has pledged \$82,960 in topping its \$50,000 quota.

The women's teams with top reports Thursday night were—Team 62 headed by Mrs. Kelly Datto, \$625, and Team 66 with Mrs. Walter Judd and Mrs. John Krajnovich as co-captains, \$297.

Leading reports by teams were—Team 142, James Selmer Jr., captain, \$228; Team 161 headed by Rev. George J. Cook, \$210, and Team 148 headed by Augustus Barbee, \$175.

### Nameoki Sewer Group to Renew Fund Requests

A decision to send separate delegations to Chicago and Springfield in an attempt to advance plans for construction of a sewage disposal system in Nameoki township, was announced Thursday afternoon by the special Nameoki Township Sewer committees assigned to work out a feasible construction program.

The plan was announced following a meeting of the committee, made up of 16 members from various parts of the township and appointed by the town board. Two proposals were made and approved.

These include a trip to Chicago by one delegation to confer with the regional office of Home and Urban Development Agency in an attempt to determine the feasibility of obtaining federal funds for a \$2 million sewer construction program.

The other is a trip to Springfield by another delegation to meet with officials of the Illinois State Sanitary Water Board to discuss the chances of obtaining the township or a proposed water district could obtain funds for the same purpose.

**Other Source of Funds**  
Ruth Buer, temporary secretary of the Sewer committee, said it is the committee's understanding that funds for sewer construction can be obtained from the government through the state Sanitary Water Board, but that it probably would be necessary for the Nameoki township area in which the sewers are to be built to form a water district.

The committee also decided to ask the Nameoki town board for funds to finance updating of the sewer construction plans drafted two years ago when the township conducted an unsuccessful referendum on a proposal to issue bonds for building a sewer system.

The committee is awaiting word from the H. W. Lochner & Co. engineering firm which drew the original plans as to the work involved in revising and updating the earlier plans. It is for this purpose the committee plans to ask the township for funds.

The Sewer committee was appointed after attempts by township officials to secure public approval of a sewer construction program through the bond referendum failed. The committee is investigating all feasible angles of financing the sewer construction.

Dancing and refreshments were the main features of the evening. Mrs. Lois Wall, chairman of the arrangements committee, was aided by Mrs. Alex Severine, Mrs. Eugene Holt, Mrs. Wesley Clemons, Mrs. Penny Karris, Mrs. Helen Mangoff and Mrs. Eileen Weidner.

Mr. Donald Purkayle, principal of the school, and his wife, Mrs. Helen Purkayle, spent time at the party, along with some of the parents.

Mrs. Nettie Gnojewski entertained members of the Po-Ke-No club in her home, 1628A Fifth street, last week. Mrs. Veronica Kula, Mrs. Pat Gerkin, Mrs. Irlene Krakowicki, Mrs. Betty Allen, Mrs. Marie Stawar, Mrs. Jo Rogers and the hostess played games.

The hostess served a luncheon. Mrs. Stawar was the day's winner and will entertain the members at her home in June.

A surprise graduation party was held Friday evening honoring Joe Judd, Jerry Herrington, Chuck Hormann, Linda Brake and Luella Fernandez, all of whom graduated from Madison junior high school Thursday evening.

The party was given by the Greyness Club, which is the recreation center of the Garesche-Greiner housing project. Jesse Brake, president of the club, conducted a short business meeting prior to the party for the graduates.

Members present were Carl Kimbro, George Fernandez, Charles Fernandez, Robin Irvin, Glen Vaughn, Patti McMurray, Edie Smith and Joseph Judd. Mrs. Grace Hormann and Wyman Pogue, supervisors, assisted.

### GRADUATE HONORED

Stephen Shipcoff, son of Mr. and Mrs. William Brown, 504 Fillmore street, entertained with a post-graduation party in their home Thursday evening in honor of their daughter, Glenda, a member of the 1967 graduating class of Venice high school.

Miss Brown received many gifts, and a luncheon was served by Mrs. Brown to 24 guests.

## IF YOU OWN PROPERTY AT HOLIDAY SHORES WE KNOW YOU'LL HAVE FUN!

If you haven't selected your lot yet, here are a few facts you ought to seriously consider:

Holiday Shores is a 1300 acre lake development "30 minutes from the Arch." Property Owners, and their invited guests, enjoy unequalled opportunities to make the best of their vacation, week-end, or spare time hours. We call it AQUATIVITY, and it is all part of the wholesome fun of being around our 423 acre lake. A beautiful clubhouse, ideally situated beaches and boat docks, tennis courts and playground areas, guarantee something for everybody... It's Full-Family-Living at its best. These exclusive and private recreation facilities are worth the price of your lot alone.

Incidentally, you don't have to build immediately — or at all for that matter. You can hold your property as an investment and enjoy the AQUATIVITY. The money you invest in your lot pays immediate dividends in the good times you'll have NOW; the equity in your property grows in value from year to year. Best of all, a small down-payment gets you started immediately, and we have low monthly terms through interest saving bank financing if you desire.

# EDITORIAL

## The Editor

Name and address must accompany each letter but will not be revealed if anonymity is requested. Communications of less than 250 words will be given preference. All are subject to condensation and grammatical changes. Letters that are libelous or not in good taste will be rejected or edited.

**ELDERLY SHOULD UNITE TO GAIN IMPROVEMENTS**  
To the Editor:

Please permit me a few words in reply to a letter of distress in the May 22 issue of your editorial page. It was signed "Route One Resident."

I would like to advise the writer of this distress call not to hide behind anonymity. We elderly are not getting anywhere that way. Offering of individual philanthropy could have been rejected with a very polite "No, thank you."

This writer is a firm believer in the well-known slogan, "In union there is strength." I am of the opinion and have stated so publicly that the elderly will get no attention by the authorities through playing cards and billiards, bowling or hiding behind anonymity when writing a letter of facts such as in a waste.

What are they afraid of, anyway? Of losing status? What status? Social? Political? It can't be economic status, for there aren't any to lose, anyway.

So what are they afraid of? Fear itself? It may bring them reduced cost of medication and many other benefits if the elderly join together and try to do something for themselves.

What are they afraid of? The initiative to better their position in our community.

They should make an effort to work their local organizations together, as a beginning, and then see how to join with similar organizations—clubs, state and finally national. "Nothing" is as always "nothing." You may multiply it, but it still equals "nothing."

So, come on you, too, elderly. I shall go with you if you want me to, and I am willing to pay dues from my small pension, if it is not excessive.

But there has to be initiative, an active spirit and the will to accomplish things, by you collectively.

Sitting down, hiding behind anonymity, playing cards and billiards and bowling are fine for recreation. But first citizens must stand up and then the play, I learned from life long ago, and this still holds true today.

Work and fight, but never cry.

## Falling Domino Theory Discussed

(U. S. Department of State)  
I am attempting to follow the origin and development of the "domino theory" through the administrations of President Eisenhower, Kennedy and Johnson.

I am therefore in need of any information relating to the above, and would appreciate any assistance you can give me.

T. D. W.  
As you may know, President Eisenhower used the domino simile in connection with Southeast Asia in response to a question asked at his news conference of April 7, 1954, concerning the strategic importance of China to the free world.

The President said: "You have in mind the domino considerations that might follow what you would call the falling domino principle."

"You have a row of dominoes set up; you knock over the first one, and what will happen to the last one is the concern of every man who looks at it, and who is in a position to do something about it."

So you could have a beginning of a distinction that while the domino theory would have the most profound influence.

Since President Eisenhower made his remarks on the subject, many other officials, including Secretary of State Rusk, former Undersecretary of State George Ball and former Undersecretary of State Walter Bedell Smith, have referred to the "domino theory."

You will find various such statements in the several Department of State publications containing documents on recent American foreign relations.

## Lie Detector and Public Employees

(Tri-City and Illinois Bar Association)  
A public employee who refuses to take a lie detector test in connection with a legitimate public inquiry is within his Constitutional rights, but his refusal may cost him his job.

Refusal to take a lie detector test is a privilege everyone has under the Constitution which guarantees that no one is required to give testimony against himself.

There is no Illinois law which states what is to be done when a public employee refuses a superior's order to take a lie test. However, the Illinois Attorney General has ruled that such orders are proper.

**Servicemen's Sacrifice Challenges the Living to Preserve Their Victory**  
Memorial Day will dawn tomorrow not only on the revered resting place of soldiers who lost their lives long ago, but on fresh graves in Vietnam.

The point could not be made more eloquently that vigilance will always be the price of freedom—that mankind can never rest on its laurels, but must be constantly alert, anxious, willing, to safeguard democracy and human dignity.

The challenge is great, but the stakes remain high and worthwhile. Life may be risked on the field of battle, but life would lose much of its meaning if the world became enslaved.

To give "the last full measure of devotion," to give up one's own life so that others may enjoy freedom and abundance and happiness, is an act of greatness. Thankfulness for such selfless dedication to God and country will be in the hearts and minds of Quad-Cityans tomorrow as they should face this day with a new sense of meaning and honor the steadily growing ranks of the war dead.

Their sacrifice demands the best that is in each of us. Only if justice remains alive in the world will we have preserved their hard-won victory.

**June 10 Election Will Test the Initiative of Local Citizens**  
What distinguishes one community from another, enabling it to grow and prosper and provide a high quality and quantity of services at reasonable cost? The U. S. All-America City Committee defines it as the initiative of local citizens.

There is widespread concern that local "citizen action" has declined, as indicated by a small turnout in the May 6 sewer election. The June 10 sewer referendum offers Granite Cityans a second chance. They can in a sense redeem themselves with a big vote.

But historians are convinced that the surest path to a high level of civic progressiveness—including the right to vote—is failure to exercise the rights. An arm that is not used will lose its strength; voting certainly is a strong right arm.

**House Legislation on State Auto Licenses, Gasoline Tax, Armed Crime**  
Next to last installment of circuit court bills introduced for Illinois General Assembly consideration prior to June 30:

H. 1897—Permits release from county jail of prisoners sentenced for non-support, non-line payment, or contempt of court during reasonable hours of work, seek work or obtain medical treatment.

H. 1915—Exhibition of all or most of the bosom of a female employee in a public restaurant, tavern or place of entertainment to be prima facie evidence of law violation.

H. 1920—Authorizes Sanitary Water Board to adopt and promulgate standards of quality of water for control of pollution.

H. 1926—Gives Department of Children & Family Services supervision of children committed under Juvenile Court Act.

H. 1926-1927—Give court discretion of committing minors eligible for general assistance to County Department of Public Aid; provides a county department shall accept minors committed under Juvenile Court Act.

H. 1928—Authorities in cities of less than 50,000 empowered to levy a tax for park purposes not to exceed 7 1/2 cents (now 10 cents) or the rate limit in effect, whichever is greater.

H. 1946-1949—School bus license tax from five to eight cents per gallon; raise special fuel from five to nine cents per gallon; establish highway user tax fund and state highway fund as special funds in state treasury.

H. 2003—Provides for appointment of airport authority commissioners by associate circuit judge or judge in chambers.

H. 2006—Increases maximum tax rate for educational purposes in certain districts from 2.50 to 3.50 cents per \$100 of assessed value.

H. 2009—Provides for appointment of airport authority commissioners by associate circuit judge or judge in chambers.

H. 2011—Creates Illinois State Board of Education.

H. 2013—Bans sale of used automobiles if original grooves are worn.

H. 2014—Provides that teacher's accumulated sick leave is not to be paid by reason of transfer to new or different district.

H. 2019—Permits memorandum from judge or judge in chambers to either a judge, magistrate or clerk of court.

H. 2021—Person committing a crime to be imprisoned for not less than 14 years; sentence shall not run concurrently with 20 cents without referendum.

to everything that makes up Americans' way of life.

Nationally, some professional politicians' opinion of the typical citizen is that he is not a "self-starter." They say they can lead or prod him into action, but they doubt that he has enough initiative on his own to keep track of governmental matters and vote for his own self-interest.

Only Granite Cityans can decide what will best serve their interests. We happen to think that "yes" vote July 10 makes sense because it cuts the local share of sewer costs about in half. The matching federal funds now available will certainly be lost if there is a negative vote; the Housing & Urban Development Department has said it would transfer the money to some other city during this fiscal year, and June is the last month of the year.

But the size of the vote June 10 undeniably will be a comment on the level of citizenship here. No matter how a Granite Cityan feels about the sewer issue, he has a clear obligation to himself, his family and his friends and neighbors to go to the polls.

Sixteen polling places will be in operation for 12 hours, from 6 a.m. to 6 p.m. Saturday, June 10. Those who will be out-of-town that day can cast an absentee ballot in advance at the office of the city clerk in the city hall, Niedringhaus and Edison avenues.

Will citizens of Granite City respond, or are they "too busy" with "more important matters"?

**Alton Dissatisfaction With Coroner Selection Unjustified**  
In being appointed to the Madison county coroner's vacancy, Leonard R. Davis, former mayor, becomes the fourth Granite Cityan to currently hold a major county office, joining the auditor, the attorney and circuit clerk.

More than our share? Is an unwelcome question. The Alton area has two-thirds of this district's state representatives, but the point hardly seems valid; what is important is how effectively they perform their duties.

An argument could be made that any funeral director is not the ideal person to serve as coroner or deputy coroner.

We have for a long time enjoyed the "economy drive" under which the coroner resisted many autopsies unless the family itself demanded it and paid for it.

Alton area dissatisfaction with the Davis appointment is unjustified. All of the major candidates (45 of the 46 votes on the first ballot) were funeral directors. And it has been the custom for many years to have morticians conduct most of the inquests and inquiries, even when the coroner himself was a physician, including Dr. Billings.

We would guess that the retiring coroner hurt his favorite chances by attempting to dislodge the incumbent. The right to fill such vacancies is vested solely in the County Board of Supervisors.

**Unparalleled Record of Library Service**  
The 42-year tenure of Mrs. Margaret Harlan as president of the Madison library board may be unparalleled in the history of its own story of her long dedication to this community and to the cause of knowledge and understanding.

Her record is particularly noteworthy because, as related by her, it is a story of continuous progress rather than maintenance of the status quo. The library and its services have steadily expanded, and it has remained in tune with the needs of Madisonians, as reflected by the high level of its use.

Mrs. Harlan's role as president unquestionably has been a major factor in the library's success.

**70-County Junior deputy sheriff**  
H. 2070—County junior deputy sheriff in investigating funds.

H. 2033—Bans retail occupation tax on any transaction originating outside Illinois, if it has been taxed by the state of origin.

H. 2034-2035—Rent monies received by Department of Public Works to be paid over to treasurer or paid over to school districts where the rental property is located.

H. 2036—Bans use of school property to display musical instruments for purpose of inducing purchase by pupils.

H. 2038—Repeals vehicle law on liability for bodily injury law on liability for death of guests.

H. 2081—Permits license credit for up to 90 (now 30) days.

H. 2085—Restaurants, drive-ins, etc., required to have restrooms.

H. 2087, Ralph Smith—Many changes in General Assembly operation.

H. 2101-2102—Authorizes architectural corporations.

H. 2103—Permits cities without referendum to levy a tax for chlorination of sewage, etc.

H. 2107-2108—License motor vehicle dealers in manufacturers.

H. 2110—Highway Department to build and maintain state park roads.

H. 2113—Appropriates \$40 million to state instruction superintendent.

H. 2122-2123—Export Advisory Boards in Agriculture Department and Business & Economic Development Department.

H. 2126—Actions of Building Authority subject to state purchasing act.

## U.S. Declaring War on Advertising

(Cincinnati Enquirer)  
At roughly the time a world war II was coming to an end, the U. S. government committed itself to the idea of managing the nation's economy.

It required authority to respond to forecasts of economic downturns by instituting measures to keep the economy booming.

And the power to tax became not simply the power to raise revenue to support government operations, but also the means to stimulate the economy in periods of recession and to dampen it in periods of excessive growth.

In view of that commitment, it has been all but inevitable that there should be, sooner or later, a corresponding federal effort to control advertising. For advertising is one of the indispensable ingredients of a free, competitive economy.

When W. M. Merkel, secretary of the Proctor & Gamble Co., addressed himself to that subject at a recent meeting of the Ohio Newspaper Association in Columbus.

Speaking as an informed individual rather than as a representative of Proctor & Gamble, Mr. Merkel defined a free economy as one in which the consumer is king; he buys what he wants from a wide range of choices.

He went on to say: "A seller's success in this highly competitive environment is measured directly by his capacity to find out what consumers want and by his ability to offer a product or service consumers will buy."

Advertising fits into this economy as a vehicle by which the mass producer talks to the mass of consumers.

Useful? Challenged? Step by step, however, the federal government has begun challenging the usefulness of advertising as a feature of the competitive process.

The Justice Department for several years has been looking closely and critically at combination advertising rates and advertising discount practices, through which the advertising media pass on savings to the advertiser.

## 50 YEARS AGO

MAY 29, 1917  
The boat excursion given by the Madison chapter of the Boy Scouts of America was a big success. A large crowd spent the day, getting home just in time to escape a rainstorm which arrived about 10 p.m. With the exception of minor accidents, nothing arose to mar the pleasure of the day.

Mr. Kinley school children will entertain old soldiers of the Tri-City in the McKinley school auditorium. They have prepared a special Memorial Day program.

A local doctor had a narrow escape from death. He was mugged by a man in a car, who reached the ferry crossing.

When he was rescued, the water had reached his chin and he was in a precarious position. The car required two teams to pull the car out of the water.

# SCOUT REDEDICATION

A candlelight rededication ceremony and Brownie pack was held Wednesday afternoon by Webster Scout Brownie and Junior Girl Scout troops in the Webster gym.

Brownies of Troop 198, led by Mrs. Mae Lee and Mrs. Carol Wood, who "drew up" to Junior Troop 794, led by Mrs. P. J. Corina, were Mary Kay Chapline, Glina Blason, Patti Harrington, Pam Emring, Carol Griffin, and Mrs. Lee, Billie Carver, Sandra Keck and Patty York.

Brownies of Troop 889, led by Mrs. Mary Jane Barnhart and Mrs. Eva Arbogast, who became members of Junior Troop 28, led by Mrs. Betty Brooks and Mrs. Betty Forshes, were Betty Childers, Sherri Buckingham, Nancy Liddell and Karen Crowell.

Other scouts taking part in the ceremonies were Paul Watkins, Corina Kuhn, Tammy Arnold, Amy DePew, Susan Welby, Sue Ann Wood, Lisa Tervasi, Enid Cox, Donna Long, Paula Barnhart, Janet Foster, Patty Stagg, Becky Graham, Darlene Griffin, Barbara Frazier, Judy Hartcock, Janet Morlen, Debbie McKinney, Susan A McKinney, Glina Forshes, Cindy Brooks, Debbie Bird, Ruth Bird, Pam Clay, Diane Emring Sharon Emring, Kathy Harrington, JoAnn Head, Alexis Hozian, Karen Lee, and Mrs. Sanders, Vickie Velez and Frances Velez.

Punch and cookies were served to the scouts and guests. Mrs. Eva Arbogast, who was in charge of the event, with school officials and informed them the city intended to reduce the number of housing units, home through a bedroom window, alleged to a scuffle and the shooting. He said Harrison then walked outside and collected the money.

Mrs. Schorbert told East St. Louis police she formerly was married to Harrison and they were divorced two years ago. Unconscious for a time, Harrison had awakened by yesterday but was too weak to give his version of the incident to relatives here.

**Two Area Coads Serve At Queen's Attendants**  
JoAnne Sibborth, 2153 Lynch avenue, and Sue Cherry of Poag road, were coadjutors as attendants at the queen of the Spring Festival on the Southern Illinois University-Southwestern campus at a dance Friday night.

Elected queen by student ballot was Linda Jerrell of Caseyville. She will have to hand the problem over to the state and the federal governments, who are responsible for taking care of these people in the first place.

**To Aid State, U.S.**  
Mayor Lee said Venice is underpinning the housing project to help state and federal officials. Since it deals with construction of a highway, the project should in no way be considered a slum clearance or blighted area project, he added.

He said that the federal government is going to have to waive a few requirements in this particular project to help solve the own problems. We are bending over backwards to do everything we can to take care of these people.

Mayor Lee and council members were specific in their approval of the resolution that it be accompanied by a letter explaining that the city of Venice will co-sponsor the project.

Even if the government were to approve the full completion of 200 units upon which the project originally was based, the city still will go along with building only the limited number. Mayor Lee said.

Madison school officials say their schools already are overcrowded and sufficient funds are unavailable, the mayor explained. He said it is estimated that about 100 children of school age, from the first grade through high school would move into the units.

Council action Friday night also included a request to the county housing authority to make a survey of the Kerr Island area to determine how many persons will need housing.

The mayor pointed out that "we have no way of knowing how many people are eligible. Some of them may have much income to qualify for low rental housing. Others may have made other plans. Still others

# Venice Approves Agreements for Housing Project

The Venice city council took preliminary steps Friday night to initiate a program for construction of 200 units for displaced Kerr Island residents, despite renewed protests by Madison school district on the proposed location.

The council voted approval of an agreement between the city and the Madison County Housing Authority covering terms of operation, maintenance, utilities, sewer service and other factors.

Clifford said he would move swiftly to close the dump and take necessary steps to restore the property. He added that there is no way in which Baker's property could qualify as a landfill under the new ordinance.

Clifford said legal action also would be taken against four to six other dumps in the county, but he declined to name them at this time.

# Earl D. Harrison, 32, Is Wounded Seriously

Earl D. Harrison, 32, of 2218 Edwards street is in serious condition today at St. Mary's Hospital, East St. Louis, after being shot twice in the abdomen with a 22-caliber rifle Friday night.

He was wounded by Charles Franklin Schorbert, 40, of 1107 St. Clair avenue, East St. Louis, who alleged that Harrison entered his home through a bedroom window, alleged to a scuffle and the shooting. He said Harrison then walked outside and collected the money.

Mrs. Schorbert told East St. Louis police she formerly was married to Harrison and they were divorced two years ago. Unconscious for a time, Harrison had awakened by yesterday but was too weak to give his version of the incident to relatives here.

**Will Reduce Units**  
The mayor told the council Friday night that he since had discussed the matter again with school officials and informed them the city intended to reduce the number of housing units, home through a bedroom window, alleged to a scuffle and the shooting. He said Harrison then walked outside and collected the money.

"The school district continued in its objection to the housing at Lee Wright Homes," the mayor said, adding that "they said they are prepared to carry the objection through to the Supreme Court."

This would mean the filing of formal protests with federal agencies handling grants and allocations for housing projects.

The mayor said the city of Venice has only one course it can follow.

"The only thing we can do now," he said, "is to go ahead with the project on the basis of a limited number of units intended only for displaced families. If the project is not approved by the state, we will have to hand the problem over to the state and the federal governments, who are responsible for taking care of these people in the first place."

# Legal Action Aimed Against County Dump

Jack Clifford, county sanitation officer, said he will seek a court injunction next month to permanently close a County-owned dump he described as "one of the most objectionable in the county."

He said he will seek an injunction against Frank Baker, who operates a five-acre dump on Route 111 three miles south of South Roxana. A new county sanitary landfill ordinance takes effect on Thursday.

Clifford said he would move swiftly to close the dump and take necessary steps to restore the property. He added that there is no way in which Baker's property could qualify as a landfill under the new ordinance.

Clifford said legal action also would be taken against four to six other dumps in the county, but he declined to name them at this time.

# 2 Boys Spread Ink, Paint, Glue Inside School

Two boys, aged 13 and 12, have admitted spreading glue, ink, tempera paint and first-aid materials over walls and floors of corridors, stairways and 18 of the 22 classrooms at Niedringhaus grade school Saturday evening.

The boys were still in the custody of their parents when a custodian stopped to check the school at 8 p.m. Saturday. Police were summoned but the youngsters escaped through Wilson Park. One was recognized, and questioning led to apprehension of the two suspects.

# New Budget for Pontoon Adopted

Pontoon Beach village trustees adopted a \$13,143 appropriation for 1967-68, an increase of \$352 over the previous budget, at a regular monthly meeting Thursday evening.

The new budget had been given tentative approval at a special board session May 18. About 12 Pontoon Beach residents attended Thursday's meeting. None questioned the budgeted expenses.

Cash on hand on May 1, 1967, the beginning of the current fiscal year, was reported as \$10,874, while estimated income from all sources in 1967-68 was listed as \$8,357.

In other action, the board granted a license renewal to the operation of Mary's Tavern, 412 Pontoon road, and heard a report on the completion of road patching repairs within the village limits.

**Humane Officer Siringling** reported that a Lakeland Estates resident had turned over to him a stray pony found the previous day on Highway 111. The small animal, brown with a light-colored mane, has been temporarily stabled on his property, the humane officer said.

May expenses approved for payment totaled \$317 from the general fund, and included bonds for the acting police chief, village treasurer and humane officer; \$24, sewer fund; and \$32 from the road and bridge fund for road patching materials.

**BROTHERHOOD MEETS**  
The Brotherhood of Second Baptist Church met Thursday evening for a program and business session. The meeting was opened by singing "Send the Light," with Bible reading by Bill Anderson and prayer by Calvin Tolbert.

The welcome was given by Bob Lewis, a boyer softball league for the association will begin at the Baptist grounds in present light tubes were removed from a basement storage area and broken in the main school hallway. Most of the classrooms were ransacked, with papers strewn about.

The boys were still in the custody of their parents when a custodian stopped to check the school at 8 p.m. Saturday. Police were summoned but the youngsters escaped through Wilson Park. One was recognized, and questioning led to apprehension of the two suspects.

# Probation Revoked, GC Man Given 7 Months

The probation of Joseph Casey, 20, of Granite City, was revoked last week in Madison county circuit court at Edwardsville and he was sentenced to seven months on the state prison farm at Vandalia.

He was first convicted and placed on probation for the burglary of the Standard grocery store on Edwardsville road last Feb. 21 and of a Collinsville apartment house.

Sailor Now a Frog.  
Hopes to Be a Seal

By DONNA HOGAN

Young television watchers may have hornets, bats, ants, flies and raccoons as their idols, but Randy Thompson, son of Mr. and Mrs. Paul Thompson, 2146 Woodlawn avenue, has seals and frogs in his thoughts.

Thompson, who is in the Navy, left Friday for Key West, Fla., for "scuba" diving and "hard hat" diving instruction and from there will proceed to Fort Benning, Ga., July 14 for paratroop training.

Completion of this air training will make him eligible for the Navy's "Seal" team. To become a member of this team, the men have to be asked to join and completing the training does not necessarily mean they can join.

Reconnaissance, Raids  
There are only two Navy Seal teams and they are trained to conduct small unit reconnaissance, ambush and demolition raid missions in enemy-controlled areas. Seals are able to operate with little support in restricted waters or in a land environment.

Seals—derived from the words Sea, Air and Land—compare with the U. S. Army's Special Forces and are classified as combination F o g m e n, paratroopers and commandos.

To earn a place with this elite group, a man must undergo an extensive training program, vol-

unteer and be selected from one of the Navy's highly-trained underwater demolition teams.

The first article in the June 1967 issue of Reader's Digest discusses the training program of the Frogmen and Seals, and tells how they function.

## Five-Year History

The first Seal teams were commissioned in 1962 and there are presently over 100 Seals assigned to the Navy's Seal teams.

Thompson graduated May 18

at Norfolk, Va., from the U. S. Naval Amphibious School, completing a basic course of reconnaissance and demolition training, and is now qualified for duty with an underwater demolition team.

The class began with 127 men and consisted of 19 weeks of training, including five weeks of water training at Puerto Rico, the Roosevelt Roads Naval Base. Among other training there, they were required to make an eight mile swim.

Of the original 127 in the class, only 10 officers and 35 enlisted men completed the training.

Motivation Week or "hell week" was the most grueling time for the men. As the Navy said, a concerted effort was made to "separate the men from the boys."

## No 40-Hour Week

A typical day during this time started shortly after midnight and ended the following midnight. The group spent more than 102 hours in such activities and averaged two hours' sleep a night.

Thompson is no stranger to the water.

He started to swim when five years old at the YMCA and continued during subsequent years, having an outstanding record as a swimmer and diver at the Paddlers Swim Club for four years.

He also was on the university swimming team while a student at SIU, Carbondale.

He is currently assigned to Underwater Demolition Team No. 22.

Mr. and Mrs. Thompson attended the graduation ceremonies, accompanied on the trip by Mrs. Leonard S. Ham of Bethalto, grandmother of young Thompson. They returned home last week.

## Air Medal Presented to

T/Sgt. Rodney R. Blevins

Air Force T/Sgt. Rodney R. Blevins, son of Mr. and Mrs. Ralph Blevins, 4248 Division street, was recently awarded the Air Medal for his part in Air Refueling Combat Support Missions flown in South East Asia. The medal was presented in ceremonies conducted at Ramey Air Force Base in Puerto Rico.

The citation accompanying the medal, awarded by executive order of the President, stated in part: "Technical Sergeant Rodney R. Blevins is awarded the Air Medal for meritorious achievement while participating in aerial flight."

"During the period Dec. 7, 1966, through Jan. 10, 1967, outstanding airmanship and courage were exhibited in the successful accomplishment of important missions under extremely hard and arduous conditions. The highly professional efforts of Sgt. Blevins contributed materially to the success of the United States Air Force in Southeast Asia."

The local serviceman is an in-flight refueling specialist on a KC-135 Jet Strato Tanker crew, which refuels bomber and fighter aircraft in flight. Sgt. Blevins flies the air refueling boom which makes contact in flight with the receiver aircraft.

Prior to entering military service in March 1953, Sgt. Blevins was employed by the Tri-City

Printing Co. He is a graduate of Granite City high school.

Currently, the sergeant is assigned to an Air Refueling Squadron in Puerto Rico. He is expected to be transferred back to the continental U. S. in June 1968.
